

# 5 WAYS YOU CAN SAVE BIG on Postage

## Did you know?

In addition to commingling letters, you can save money on postage for other types of mail you may be sending! Here are 5 of our most popular (and effective!) mailing services you may not be aware of:

- 1 Comingle your first-class letters & flats**

If you send first-class letters or flats (invoices, statements, benefits information, etc.) we can commingle your first-class mail for additional savings, just as we do with your marketing mail. Take advantage of USPS Promotions commingling discounts...and let us sweat the the details for you!
- 2 Drop ship your large mailings**

Do you have large volume, version and/or other mailings concentrated in regions? Drop Shipping may be a solution to get your mail to the SCF quickly and affordably!
- 3 LTL for smaller mailings**

If you have a small mailing, you may want to consider LTL (Less Than a Truck Load.) This service is ideal for smaller, time-sensitive mailings that are concentrated in a region. We'll get your mail to the SCF quickly, all while saving you more money.
- 4 Comingle marketing mail parcels**

Need to send a small parcel? We now offer commingling in first-class and marketing mail parcels! Can you say "Increased Open Rate"?!
- 5 Integrate MailTracker**

We can integrate our proprietary MailTracker with your software system so you can keep pulse on your mailings—anytime.

**Let's chat about how we can help you save on your postage expense!**
